Hulmeville Quintet Believed First Women Appointed To Such Posts in County

HULMEVILLE, Jan. 12 — Five women, whom members of William Penn Fire Company believe are the first women to be sworn in in Bucks county as auxiliary fire police for traffic duty, have taken the oath of office here. The women, members of the Ladies Auxiliary of William Penn Company, total five.

The duties of the quintet will be to direct vehicular and pedestrian traffic at cross streets within the borough during daytime when fires occur. Named to the posts are individuals whose duties keep them in the borough during the day-time, and thus they can more easily reach intersections when the fire siren sounds and they find their services might be needed.

The reason for appointing women to these posts, firemen state, is that so many firemen are at their places of employment out-of-town in the day-time.

The following were sworn in by Justice of the Peace Richard A. Hopkins: Mrs. Edward Chamberlain, Mrs. Mildred Riley, Mrs. Catherine Bushnell, Mrs. J. B. Tettemer, Miss Margaret Perry. All five are members of the Ladies Auxiliary of Wm. Penn Co.

Creates 24 More Cardinals

Vatican City—Pope Pius 12th formally created 24 more Roman Catholic Cardinals, including an American, today in putting the 70-member Sacred College at full strength in the battle against Communism. The Pontiff deplored the absence from Rome of two of the new Cardinals, Aloysius Stepinac of Yugoslavia, who he said did not have a chance of "freely" reaching Rome, and Stefan Wyszynski of Communist-ruled Poland. The reasons for the latter's failure to journey to Rome, the Pope said, "are still unknown to us."

Five Bucks County Buildings, Plus Two Parking Lots Have Assessed Valuation of \$851,000; Chief Clerk, Others, Ascertain History

By W. Lester Trauch (Intelligencer-Courier Feature Service)

Five Bucks County Buildings, including the Court House and County Prison, and two county-owned parking lots, all located in Doylestown, have an assessed evaluation of \$851,000 and are tax-exempt.

This reporter, aided by Chief Clerk to the County Commissioners, Ernest H. Harvey, his secretary, Miss Gertrude Rufe and Charles A. Liebig, veteran Doylestown title searcher, who "ran down" the deeds, ascertained the local history of the bargain-owned public buildings in the County Seat.

Dominating the cluster of county buildings is the Court House, located on East Court, Broad and North Main sts., which is assessed at \$385,000. The Court House deed, according to the Recorder of Deeds Office, is dated May 12, 1810, and calls for two acres and 121 perches (there are 160 perches in one acre) for the new "Seat of Justice."

The Administration Building, facing Monument Square, is assessed at \$90,000. A comparative newcomer among the county-owned buildings, the Administration Building, the former Doylestown National Bank & Trust Company, was deeded to the County Commissioners June 1, 1932. The purchase

price was \$50,000. "It was the cheapest buy the County Commissioners ever made, considering the location and building they got for the money," said a title searcher.

Formerly a trolley station depot, for Bristol, Newtown, Willow Grove and Eastern trolleys, the Administration Annex, 75 North Main st., was acquired Oct. 3, 1940, for \$7500. The assessed evaluation is \$10,000.

The Bucks County Prison, invariably one of the tourists' eye-catching highlights because of the beautiful, natural stone wall (if you are on the outside) was purchased Feb. 12, 1884, for \$1,750, from Dr. George T. Harvey. The prison deeds specifies the site as containing three acres and 80.5 perches. "That must have been considered a very good price for land in those days," commented a Philadelphia title searcher.

PLANTS IN READINESS

U. S. military aircraft production has leveled off at 1,000 to 1,100 per month and is expected to continue at approximately this rate. Total output for 1952 was approximately 9,000. New types will continue to roll off the assembly lines as they are adopted. A policy of stretch-out has been decided upon to guard against putting all the Air Force dollars into craft that may become obsolete in a year or two. If there had been all-out production of war planes in 1950, for example, most of these would now be obsolete. Since fighting started in Korea \$40,000,000,000 has been appropriated for aircraft, of which \$12,000,000,000 has been spent. In that period 15,000 planes have been made. A military plane, under the present setup of limited production and frequent model change, costs approximately \$800,000. But the United States is obtaining valuable facilities for stepped-up production if that becomes necessary. From now on the production goal can be almost anything. It might even approach the 100,000 planes a year which was set as a target in World War II and all but reached.

Any comparison with Russia's plane production is meaningless. Russia actually may be making more military planes than this country while pushing her output potential to the limit. The United States is achieving present production in easy stride and can lengthen that stride at any time.

REPATRIATED!
Russian Reds, who have been screaming for the repatriation of all Korean prisoners, have a bad prisoner record—the worst in modern history. They have refused to explain discrepancies running into the millions between the number of prisoners they took and the number they returned. They have insisted that all German and Japanese prisoners they captured in World War II have been returned.

But a letter has been received in Japan from Lieut. Fumitake Konoye, son of the late wartime premier, who had not been heard of since he was presumably captured by the Russians in Manchuria in 1945. The letter was postmarked Vladivostok. No matter what the Russians say, there are those who will refuse to believe that he has been repatriated. Definite proof of the fate of hundreds of thousands of captives of the Russians may never be forthcoming. Probably most of them died in slave labor camps where they were housed and fed like cattle and were forced to work until they dropped.

Customs seldom change. People still stand up when they hear the national anthem and fall down when they try to sing it.

traffic signals at the intersection of Maple ave. and Pine st., he said. Council acted as a "go-between", Mr. Bennetch said, in having homeowners on Richardson ave. and Pine st. provide curbs so that the State Highway Department can widen and resurface those streets. There was little change in borough population or housing units in the past year, according to Mr. Bennetch, and Burgess George C. Mather foresees few, if any, increases of that kind coming in 1953.

"We just don't have room to expand," Mr. Mather says. "And we don't expect to annex. Unless new streets are opened, there will not be many new houses."

The borough will become brighter this year, however, according to the Burgess. He says the present lighting system will soon get new, and more powerful, electric lights.

Mr. Mather this year is beginning his 28th year as Burgess. He is in his seventh term as chief executive of the borough.

Assessed valuations in Langhorne rose by some \$50,000 to \$75,000 in the past year, according to Council Secretary William J. Palmer, as the result of an equalization program carried out by Bucks County. Mr. Palmer predicts that 1953 budget, soon to be drafted, will show higher maintenance and construction costs.

Says His Trailer Camp Is Always Given "Clean Bill"

CORNWELLS HEIGHTS, Jan. 12 — Peter J. McKeown, owner of Cornwells Manor Trailer Court, said today that Bucks County Health Authorities have always given his establishment "a clean bill of health."

His statement was evoked by a report by County Sanitarian Theodore Staudenmayer on a "clean-up" of trailer camps in the county and alleged unsanitary conditions of houses in the Cornwells Heights area.

"Representatives of the county

made an inspection here last August and gave us a clean bill of health," McKeown said. "Their only recommendation was that we put lids on garbage pails, and that was done immediately."

"They found no faults with the sanitary system in this trailer camp. Trailers here are directly connected to cesspools, and no sewage water runs into the streets, or ever did. We have always co-operated with county health authorities 100 per cent."

Birth date of John James Audubon, naturalist, was May 4, 1780.

More and better telephone service in Pennsylvania

Any way you look at it, Pennsylvania keeps growing, growing, growing!

New communities develop. Business keeps expanding. Industrial and farm production keeps rising. And the pace of progress in 1953 looks more vigorous than ever!

All this means stepped-up requirements for telephone service . . . a constant challenge to the men and women of your Telephone Company. This year again, we'll do our level best to provide telephone service for the scores of new communities springing up throughout the State . . . just as we'll continue to expand telephone service in established communities, and to develop better and faster ways to handle the ever-increasing number of calls.

Today, in the areas we serve, there are almost three million telephones. More than a million and a quarter of these have been added during the busy years since the end of World War II. And in the same time, the number of calls handled in an average day has jumped from about 7,700,000 to more than 12,500,000.

The people of Pennsylvania need and want good, fast, dependable telephone service. We're determined to see that they continue to get it.

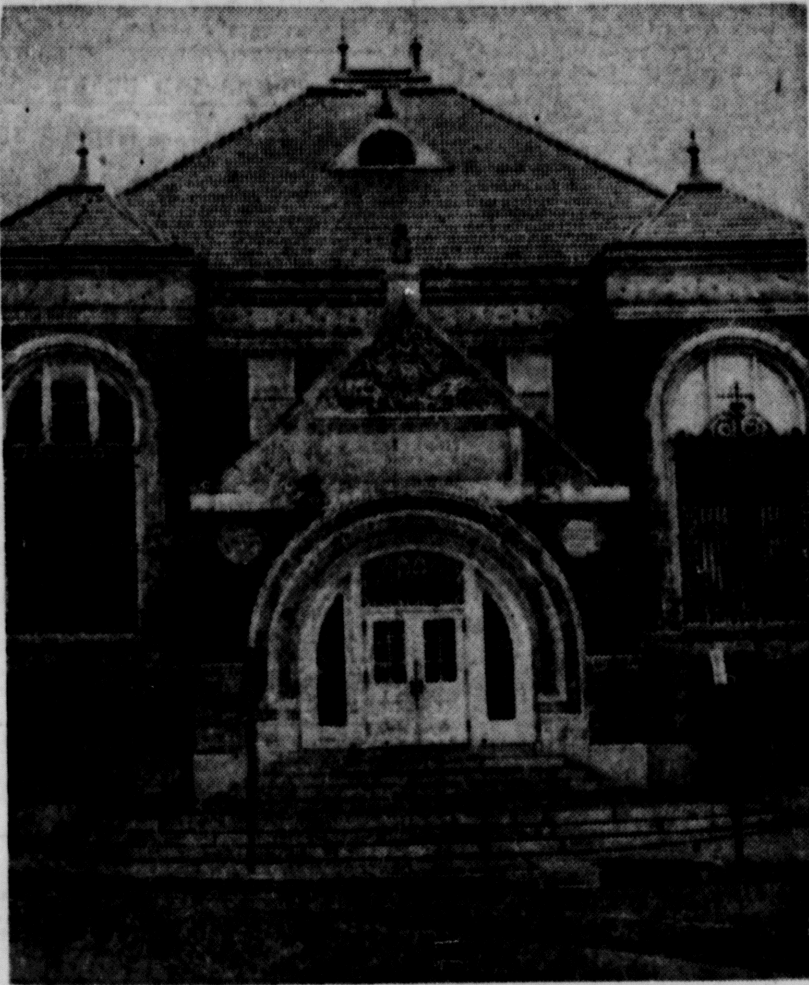

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

During 1953 we plan to install the tons of intricate equipment necessary to serve more than 136,000 additional telephones.

We plan to break ground for 33 completely new telephone buildings and to start major additions to 22 others throughout the State.

We've scheduled major equipment additions in more than 250 central offices. Major additions to toll lines, cable networks and the like will also number in the hundreds.

BUCKS COUNTY ADMINISTRATION BUILDING

Five Bucks Co. Buildings

Continued from Page One
er. The assessed valuation is \$217,000.

Newest and most efficiently modern of the county buildings is the Bucks County Office Building, North Main st. and Shewell ave. This three structure building, Doylestown's flat iron likeness, was bought from Frank T. and Mildred F. Reynolds Sept. 12, 1951, for \$120,000. It was formerly the Heller Department Store and was last operated by the Scheetz Furniture Co., of which Reynolds was the president. This building is assessed at \$125,000, and is at 50 North Main st.

The County Parking Lot, located between North Main and Union streets, and behind the Armory and houses along Shewell avenue, is assessed at \$15,000. It contains 2.606 acres and the deed indicates it was purchased from the Pine Company, Inc., for \$9,250, May 31, 1951. This parking lot has an entrance off North Main street, between the former Asher Lear and Henry A. James residences, and an exit entrance on Union street, near Shewell avenue.

The Court House Parking lot, located along North Main street and behind the Dr. Harry L. Lehman Building and Thomas Ross's landmark attorney's office, was acquired Jan. 26, 1951, for \$9,000. This south-side of the Court House parking lot is assessed at \$15,000.

Taken from the property of Norman W. Lear, the North Main street entrance into the County Parking Lot (Shewell ave. rectangle) was bought Nov. 1, 1951, for \$4,000. It contains 4,372.2 square feet and runs between the Lear Apartment Office Building and residence of Dr. and Mrs. I. Harry Ritter, the form-

only two properties outside of Doylestown.

The largest is the county home, Neshaminy Manor Home, known as the Bucks County Institution District, and a garage in Buckingham Valley which houses equipment and materials used by the county maintenance department for bridges and buildings.

Neshaminy Manor Home is located along Route 611, in Doylestown township, south of Edison.

BREATH-TAKING NEW INTERIORS
NEW CADILLAC AIR CONDITIONER*
MORE BEAUTIFUL EXTERIOR STYLING
EVEN GREATER OPERATING ECONOMY

A great new inspiration for the automotive world will be on display in our showroom tomorrow. It's the 1953 Cadillac—the latest triumph of Cadillac's engineering and styling genius. Its beauty alone would place this new motoring creation among Cadillac's all-time "greats"—for its innumerable exterior changes have made it simply breath-taking to behold. Its interiors, too, are dramatically new—offering the most beautiful fabrics and appointments ever available in a motor car. And for those who desire the ultimate in comfort, a wonderful new Cadillac Air Conditioner* is now available. But the heart of this new Cadillac's greatness lies in its performance—so extraordinary that it transcends any previous concept of how a motor car should act and handle. This magnificent performance

comes from many sources. It comes from Cadillac's improved Hydra-Matic Drive. It comes from Cadillac's advanced Power Steering—so marvelous that turning and parking and steering become almost a response to your wish. And it comes—in even greater measure—from Cadillac's great new 210 h.p. engine... the dramatic climax of almost 40 years of unduplicated experience in the design and construction of V-8 engines. We sincerely urge you to see and drive this great motor car. It is offered in three new series—the beautiful "Sixty-Two," the luxurious "Sixty Special" and the distinguished "Seventy-Five." There is also Cadillac's new sports convertible, the Eldorado—the most glamorous and exciting creation in the whole of Cadillac history. Why not see them soon?

Miss Jutta Glass Becomes the Bride of Carl Eisele, Jr.

RICHBORO, Jan. 12 — Addisville Reformed Church, here, was the scene of the wedding of Miss Jutta Glass, daughter of Mr. and Mrs. Rudolph Glass, Newtown, R. D., and Mr. Carl Eisele, Jr., son of Mr. and Mrs. Carl Eisele, Holland, Pa., on Saturday at six p. m. The Rev. Timothy Cramer officiated.

Mrs. Curtice C. White, Hathboro, at the organ, accompanied Miss Madeline Esposito, Newtown, as she sang "Because" and "I Love You Truly."

The bride, given in marriage by her father, wore a gown of white lace over taffeta fashioned with fitted bodice, stand-up collar, pointed sleeves, and a full skirt terminating in a train. Her fingertip veil of French illusion fell from a crown of seed pearls. She carried an arm bouquet of white chrysanthemums.

Miss Eleanor Glass, Newtown, sister of the bride, was maid of honor, and wore cornflower blue taffeta with a double Peter Pan collar, short sleeves, with matching mitts. Her skirt was long and full. She carried an arm bouquet of blue and white chrysanthemums and wore a blue and white flower head-dress. Mrs. Harry Schaefer, Richboro, and Mrs. Helmut Drechsel, Churchville, wore duobonnet taffeta gowns fashioned like that worn by the honor attendant, wore white flowers in their hair and carried white chrysanthemums. Maureen Hartigan, Southampton, flower girl, wore a short white taffeta dress, carried a basket of red, white and blue flowers, and wore blue and white flowers in her hair.

Mr. Edward Sokol, Holland, was best man, and ushers were Messrs. Harry Schaefer, Richboro, Helmut Drechsel, Churchville, and David and Lee Eisele, Holland, brothers of the bridegroom.

Mrs. Glass, the bride's mother, chose a navy blue crepe ensemble, light blue accessories, and corsage of white camellias. Mrs. Eisele chose a gray lace gown over matching taffeta, blue accessories, and corsage of pink camellias.

A reception followed in the V. E. Country Club, Davisville. Following a trip through the southern states, the young couple will live in Holland.

The bride is a graduate of Richboro high school and is a secretary at Neshaminy Farms, Newtown. Her husband, a graduate of George School, Newtown, is associated with his father in the feed business at Fox Chase.

Basketball Race
Thrown Into 3-Way
Tie As R. & H. Wins

The Bristol Basketball League race was thrown into a three-way tie for first place yesterday as the Rohm and Haas dribblers handed the Celtics their first loss of the season on the winner's court. Final score was 87-70. The three teams deadlocked for the lead are: Celtics, Rohm and Haas, and Kaiser Metal.

Rohm and Haas led most of the way, taking advantage of their height under the baskets. The Celtics were behind by 24 points at one stage of the game but came back strong at the start of the last quarter to cut the lead to eight points. But the chemical mixers spurred towards the finish and ended with 17 points to the good.

The winners introduced another six-footer to the fans in Hughie Rowe, formerly of St. Joseph's Prep, Philadelphia. Rowe scored 15 points, all in the first half. He fouled out in the final quarter.

Augie Everitt came back into old-time form as he hit the cords for a total of 22 points on six out of eight fouls and eight double-doubles. Rohm and Haas had a good mark from the foul line, sinking 21 of their 29 foul tries.

"Bill" Attardo again led the Celtics in scoring, hitting for 20 points. He connected for five baskets and 10 out of 16 fouls. Charlie Brady made eight fouls, while Walt Holden contributed 16 points.

Lineups:

Team	Pts.	Fg.	Ft.	Reb.
Celtics	70	12-28	16-24	21
Rohm and Haas	87	22-43	10-16	20

Referees: Morgan and McCoy; Timmer; Hest; Seiser; Juno.

Half-time score: 46-35 (R. & H.).

Kaiser Metal Wins
Over Lucisano Five
By Score of 53-51

In one of the best games played this season, Kaiser Metal won out over Lucisano Brothers, of Tullytown, yesterday, in a Bristol Basketball League game on the Rohm and Haas court. The largest crowd of the season saw the aircraft workers check in with a 53-51 verdict.

A field goal and foul by "Sonny" Peak in the closing minute of the game gave the Kaisermen the victory in the see-saw battle. The score was tied on several occasions with close guarding featuring.

Kaiser had an early lead but the Tullytown lads cut it down to 19-9 and then went ahead only to have by Frank Thropp. This was increased to 18-13 later when Joe Potena and Fred Ricosta hit for field goals. At the end of the first half, Lucisano went in front, 24-20, when Don Foti hit for two successive field goals.

Before the third session closed, Joe Pindar tied the score for Kaiser at 34 with a nice side shot. Foti put his team ahead only to have Peak tie the count at 36. Foti scored on a beautiful shot to give Lucisano a two-point, 38-36, lead at the end of the third period.

With six minutes remaining to be played, Kaiser took a 47-44 edge on Peak's fielder. But Foti scored twice from the floor to raise the Lucisano total to 48. However, Pindar dropped in a free shot to knot the count at 48. Frank Thropp's two-pointer put Lucisano in front, 50-48. Howard Grant's foul cut the lead to 50-49. Peak put Kaiser ahead, 51-50, with a field goal with 55 seconds remaining to be played. He then clinched the game with a foul in the last two seconds.

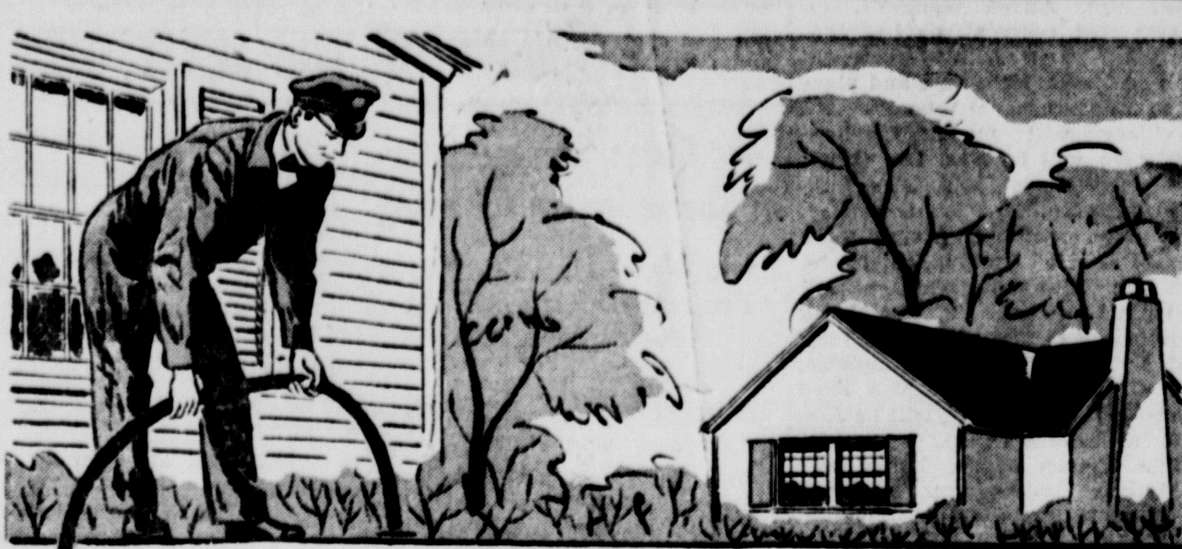

Pindar and Peak had 12 points each for Kaiser with Charlie Simmons doing fine work on the defense. Thropp and Foti accounted for 30 of the Lucisano points.

Lineups:
